Re: United States v. Mitchell, et al., Case Number 1:04-cr-0029-AMD

We apologize for bothering the Court on the Sunday night before trial. We respectfully request that the Court consider two additional voir dire questions relating to potential juror bias:

- 1. Do you have an opinion as to whether the lawyers on one side of this case are more credible than the lawyers on the other side?**
- 2. Do you have an opinion as to whether the lawyers on one side of the case have more personal knowledge of the true facts at issue than the lawyers on the other side?**

Respectfully submitted,

/s/
